SUMMARY

Technical Writer with a C/C++ software engineering background, experienced in user manuals, developer/API documentation, SOPs, manufacturing documentation, and IQ/OQ validation. Combines professional technical writing with hands-on software knowledge and technical instruction.

TECHNICAL SKILLS

Documentation: Technical Manuals • User Guides • Developer & API Documentation • Reference Docs • SOPs • IQ/OQ • Style Guides • Doxygen • Docs-as-Code Concepts
Technology: C/C++ • Java • Python (basic) • Git/GitHub • Visual Studio • Oracle • Microsoft 365 • Adobe InDesign/Illustrator/Photoshop

RELEVANT EXPERIENCE

Technical Writer / Documentation Specialist — Particles Plus Inc. | 2025–Present

• Create customer-facing manuals, quick starts, calibration/troubleshooting content, and IQ/OQ validation documentation
• Develop manufacturing/assembly documentation and SOPs for engineering and production workflows
• Maintain the company style guide and create diagrams, layouts, and product visuals

Freelance Technical Writer | 2015–2020

• Produced software documentation including user guides, help content, API documentation, SOPs, and technical articles

IT Instructor — Certified Staffing Solutions | 2013–2014

• Delivered online instruction in programming and operating systems; developed lesson plans and technical course materials

Systems Engineer (Pre-Sales / Post-Sales) — Cyrano Inc. | 2002–2003

• Delivered software demonstrations, built Oracle test environments, supported customer onboarding, and created technical/support documentation

Systems Engineer (Pre-Sales / Post-Sales) — InCert Software Corp. | 1999–2001

• Developed C++/Java test applications for enterprise debugging software and delivered technical demonstrations to engineering audiences
• Trained staff/documentation teams on C++, Java, and OOP; supported implementations and produced technical/pre-sales documentation

Computer Science Instructor — Herzing College | 1994–1998

• Taught object-oriented programming, data structures, and relational database theory

Software Engineer — Mitech Computer Systems | 1990–1993

• Developed forecasting and inventory systems and front-end database applications

ADDITIONAL EXPERIENCE

Freelance Writer/Editor (E-books) | 2021–2024
Technology Writer (Published Articles) | 2010–2012

EDUCATION & CERTIFICATIONS

Associate of Science (equivalent), Computer Science (Software Technology) — McGill University
Oracle Certified Professional — Oracle Fusion Middleware
Oracle Certified Professional — Oracle Database Administrator
